

## COMPANY PROFILE

# 01 WHO ARE WE?

Established in 2014, M.M.S. Marble and Granite is a premier manufacturer and exporter of high-quality Egyptian and imported stone. Supported by a specialized team of engineers and experts, the company provides end-to-end solutions—from material selection and engineering design to precise execution. M.M.S. is dedicated to exceeding international standards and building long-term client relationships through quality, precision, and timely delivery.

**Our vision:** To be the first choice locally and globally in the field of supplying, manufacturing and installing marble and granite, through continuous innovation, superior quality and outstanding service that meets and exceeds our customers' aspirations.

**Our message:** At M.M.S., we strive to provide comprehensive solutions in the marble and granite sector, encompassing design, supply, installation, and export, while adhering to the highest standards of quality and precision. We believe our success is measured by customer satisfaction, and therefore, we work to meet their needs through a professional team, advanced technologies, and after-sales services that support the sustainability of their projects.
